

## CoH Mission Trip Sample Itinerary

Thanks so much for your devotion to God, your dedication to seeing the Great Commission fulfilled in your life and through your church, and for giving prayer and consideration to potentially serving alongside Church of the Harbor in reaching the people of Baltimore. Many have asked, when thinking through the details of a Mission Trip, what a week with CoH may look like. To the left, we've included a sample itinerary.

First, let me point out that this is simply a sample, and is meant to serve as a potential starting point. There is plenty of flexibility for changes.

Next, you'll notice we do a lot of evangelism. This is NOT canvassing, or simply placing flyers on doors (though we may do this in certain weather conditions). Engaging in Gospel-oriented conversations is something we practice on a weekly basis throughout the year, and mission teams allow us to increase our reach and connect with far more people than we would otherwise. Sharing about Jesus on doorsteps is potentially the most meaningful part of the week.

We've found that inviting people to an end-of-week event is one of the best ways to have them engage in conversation. We want to make the event great, but in the big picture, it's primarily an "excuse" to talk with them.

If you think a shorter trip would better suit your team, no worries! We can begin the week with training a day later, we can host the End-of-Week Event a day earlier, you could (gasp!) forego the Culture experience, we could do one or two fewer days of evangelism--we're happy to do whatever it takes to accommodate your team.

Other ideas that may fit your team:

- Kids Club - Thursday, Friday, and Saturday afternoons
- Worship in the Park - 1st Sunday of the week
- Neighborhood Cookouts - Several small scale in neighborhood parks, Thurs PM, funneling people to block party

We're wide open to any ideas you believe would make your trip meaningful for your people, and for reaching our neighbors. Don't hesitate to share your thoughts. May God bless you as you follow Him to the places He's calling you! Thank you, and we look forward to connecting soon.
